STATE HIGHWAY PLANTINGS

We are specializing in growing items required for Roadside Planting, growing such materials in huge quantities.

Get Our Special Prices

Ornamental Trees

The size immediately following the description indicates approximate height at maturity.

LARGE B & B SHADE TREES

We are specialists in balling and handling large shade trees up to 8" caliper. Last summer we moved over 150 truck loads of this material in full leaf to the Great Lakes Exposition grounds in Cleveland with the loss of only 3 trees. We would be pleased to quote prices for your requirements on request.

SUGAR MAPLE
(Lining Out Stock)

We will market this year our finest block of Sugar Maple, twice transplanted liners. This item has not been overdone in the manner of Norway Maple and many other trees. Demand and price are holding well.

		Per 100	Per 1000
4 to 6'	-----	\$19.00	\$175.00
5 to 7'	-----	27.50	250.00

We have been the country's leading specialist in growing Sugar Maple here in its native habitat where within ten miles the famous annual Geauga County Maple Sugar Festival has so well nationally popularized maple syrup and maple sugar.

TWO NEW BUDDLEIAS

Worthy of Consideration

Buddleia Fortune. Plant Patent No. 206.

A low, compact, neat growing Buddleia, with shoots developing at the base of the plant and terminating in flower panicles 12 to 18 inches long. Each panicle is perfectly rounded and in bloom all at once from base to tip. Flowers are of a clear and true lavender-blue. They last in water from 3 to 5 days after cutting. Buddleia Fortune is an excellent plant for the flower border as well as the shrub border. It remains in bloom until stopped by freezing.

	Per 10	Per 100	Per 1000
2 years, field grown-----	\$3.00	\$25.00	\$225.00
Retails \$1.00 each, \$10.00 per doz.; 3 at the dozen rate.			

Buddleia Hartwegi.

A beautiful plant with extra heavy, rich, dark green foliage. The large, bright lavender flower panicles have remarkable substance, with individual flowers closely set on the panicles, imparting a compact and pleasing appearance. The tip flowers open before the base flowers have faded, and do not "sunburn" as do some of the older Buddleias. Hartwegi is a very useful and beautiful ornamental lawn specimen or cut flower plant.

Ardens. Double violet purple. 2 to 3', 3 to 4' and 4 to 5'

*Banner. Double white; decided crimson stripes.

Coelestis. Single Blue. 3 to 4' size only; add 10c each.

Double Rose. Large Double rose.

Double White. Double white, red center. 6 to 8' and 8 to 10' only.

Duc de Brabant. Double Red.

Jeanne d'Arc. Double pure white.

Lady Stanley. Mottled pink and white.

*Rubis. Single red. Add 10c each. 2 to 3', 3 to 4', 4 to 5', and trees.

Lucy. Semi-double, clear deep pink.

Purpurea Semi-plena. Semi-double purple. 2 to 3' and 3 to 4' only.

Speciosus. Semi-double white, red center. 4 to 5' and 5 to 6' only.

*Totus Albus. Large single white.

The next larger size in each instance represents practically one year's growth. Would you put your planting behind one year for such a small saving? We recommend the larger grades.

PINUS—Continued

The late Mr. Ernest H. (Chinese) Wilson of Arnold Arboretum (One of America's greatest and most beloved Plantsmen) said to us—

“Your CHINESE PINE

is the scarce TRUE variety practically unknown in America. It is one of the most choice Pines. I am glad you have such a marvelous planting to distribute to the American public. When better known, Chinese Pine will be heavily planted in our country.”

sinensis. Chinese Pine—60'. A beautiful

compact growing variety; glossy deep green foliage.

When fertility weakens, evergreens quickly become thin and poor color. Coles have kept their soils in fertile condition and their evergreens are bright and colorful.

ROOT-PRUNING

During these lean years one has been apt to neglect many important duties. Root-pruning of Evergreens is most necessary yet not immediately apparent if neglected.

Cole has a regular schedule for Root-pruning—In fact, the majority of our Evergreens are Root-pruned at least every two years.

(Sizes and prices same as "pisifera" above.)			

Depression spoiled evergreens in huge quantities are available throughout the country at the buyer's price. NONE are available at Coles. Ours are dense and shapely, they are root pruned, and they are properly spaced to give light and air on all sides. We will be happy to have you visit us and inspect our plant.

ROSES

We add a number of thoroughly tested roses to our collection each year and at the same time eliminate a few of the least worth-while.

We endeavor to always have a very high class collection to meet all needs. (See Pages 61-66.)

NORTHERN GROWN ROSES

Our trade recognizes the uniform quality, hardiness, and "trueness to name" of Cole's Painesville Grown roses. We have guarded this reputation zealously and have gone to no end of labor to see that we had an ample crop for our regular customers in the face, many times, of adverse economic, trade, and weather conditions. Again this year we have a good holding of these quality plants for our trade unmixed with Southern grown stock.

We hope you will bear in mind the conditions herein mentioned when selecting your source of supply.

Vivid. Color of American Beauty Rose. Large, vigorous and free-flowering. Decorative. Early—2'-----	1.50	12.00	100.00

(For less than five plants of a kind add 3 cents each.)

NEW KOREAN CHRYSANTHEMUMS

Without question the greatest new creation in the perennial world. Korean Chrysanthemums are perfectly hardy—a requisite for satisfaction lacking in the old types; they are easier to grow and are more profuse in blooming. The lovely pastel shades defy description. Wonderful for table decoration and compelling for color effect in the garden.

\$1.25 per 10; \$10.00 per 100. (except noted).

APHRODITE. Pink and ivory. Profuse bloomer. 3c each additional.

CERES. Chamois-yellow and coppery gold.

COUNTRY GIRL. Glistening pink; soft lilac tones. 5c each additional.

DAPHNE. Lovely Daphne-pink.

HEBE. Lovely, luminous pink, maturing to soft lavender pink. A 1935 introduction. Very early. Single—2½'. 3c each additional.

INNOCENCE. White changing pink; dwarf.

MARS. Deep amaranth-red.

MERCURY. Coppery bronze and red.

(U. S. Plant Patent No. 58.)

VULCAN. Carmine red. October—2½'.

3c each additional.

PHLOX—Columbia.

Plant Patent No. 118

The loveliest pink phlox in existence. A well-grown 2-year plant will produce from 6 to 15 flower spikes. Mrs. Francis King describes the flower as "a soft cameo-pink with very light blue eye; similar to Elizabeth Campbell, but a much stronger grower."

The foliage is a clear, beautiful dark green to the ground.

Prices, 3 for 75c; 12 for \$2.00; \$15.00 per 100.

Retails at 50c each; 3 for \$1.25; \$4.00 per 12; \$30.00 per 100

WE GUARANTEE

Truehedge Columnberry will create a formal hedge of height desired quicker than a planting of Japanese Barberry twice as large under same conditions.

Compare or try side by side:

Truehedge Columnberry 9 to 12 inches	with	Japanese Barberry 1 1/2 to 2 feet
Truehedge Columnberry 12 to 15 inches	with	Japanese Barberry 2 to 2 1/2 feet

PRICES FOR BOXING AND PACKING

Excess over 100 lbs.,
per lb. ----- .00 3/4

RESPONSIBILITY

We endeavor to send our patrons the grade and quality of stock ordered. We do not guarantee our products or assume any responsibility after they leave our nursery, as conditions always exist over which we have no control. It is understood, in case of error on our part, that we shall not be responsible for a greater amount than the price paid.

TERMS

5 % OFF FOR CASH before shipment on purchases at prices listed herein. Be certain to add enough extra to cover packing. This will eliminate C. O. D. costs. Over-payments will be returned promptly.

To parties having satisfactory credit arrangement or account with us, 2% 10 days, 30 days net.

No claims for rejections or deficiencies will be entertained unless made within 10 days after arrival of goods.

5 to 25 of one variety and size will be furnished at the 10 rate, 25 to 250 at 100 rate; 250 or more at 1000 rate.

PLANT PATENT NOTICE — PROPAGATION RIGHTS RESERVED

The Truehedge Colummberry is protected by Plant Patent No. 110 under the U. S. Patent Laws. Asexual reproduction or disposition by sale, gift or otherwise, of scions, buds, or cuttings for such reproduction is prohibited unless license is previously obtained from the patent owners. Unauthorized reproduction, sale, or distribution of propagation material of this plant will subject the one engaging in the same to prosecution for infringement. For resale at Retail Only except under license from the patent owners.

The above conditions also apply to all other patented plants which we sell.
